IF YOU CAN START
**YOU CAN
SUCCEED**

Glomac believes that, 'If we can start, we can succeed'. No need to procrastinate. Time is never on any one's side. The future of Africa and Nigeria is in our hands. Our youths must grow to be leaders in various areas of life with specific interest in the development of the mind, the body and the soul through sports –GLOMAC.

GLOMAC YOUNG SPORTS CLUB ACADEMY is a Grass root Football Team in the limelight producing great new team players worldwide

Editorial:

CaptainAmb.StephenAbara

In a world whereby science and technological innovations is helping drive economic growth, sports and Entertainment are seconded as great driver for economic growth, development and progress among the young the old. Young folks are relentlessly using the power of the internet, while surfing the net, and creatively making money through research and development in the sports Industry. This innovation in sports is helping economic growth by creating jobs for themselves, the economy and nation.

Young talented Sports enthusiasts are looking forward to entering the international sports market spheres; but, due to limited resources, limited access and connections, and lack of funds to pursue their dreams, the end up with dead end jobs and dead- end careers with unfulfilled hopes and aspirations to bring out the best in them. Nigeria's crime against humanity can be related to their

inability to source for talented and gifted youths in various localities around the nation and support them financial and provide enabling social political and economic environment to bring out best offs.

However, Glomac Young Sports Club Academy International is in Nigeria looking out for potentials players to enter the global sports arena. We are also looking out for sponsors from all works of life to support these great visions in the year 2025 onwards.

The reason for this edition is to expose player's abilities and make them stars from the grassroots hoping for potential scouts to pick them as time goes on. We intend to create geniuses among us through developmental football academy and other Sports.

Black Stars vs. Undefeated Strikers of Oke Ijebu, Ikorodu Lagos

Oke Ijebu, a small community in Ikorodu South is presently producing new football stars beginning June 2025. These indomitable young football giants are classified as: **Black Stars vs. Undefeated Strikers.**

They have had their first match on Sunday June 19, [2022](#) in which Blacks stars scored 3 goals to nothing as against opponents Undefeated Strikers. Families and Fans Jubilates as they see their

young children show case their creative meandering moves on the field of play. The grassroot players were sponsored by Glomac Company.

When the teams Director asked reasons for joining the football club “the young football players has this to say”:

We want to play ball

In Oder to have fun

To defend our country

To have skill and knowledge

To be popular

To entertain people

For enjoyment

To train and learn

And for Future generations to learn from is how to play soccer

To be good leaders in the world

And To enlighten people about football Country”.

The community is happy to have young stars player among them. We welcome anyone interested in joining the new clubs soonest – **Glomac**.

Sponsors are welcome. Kindly help us motivate these Young fellows to become super stars. Our country needs their Skills sets to transform the nation. We welcome anyone interested in hosting a tournament or competition for them on, or before December 2025 ongoing to come forward and speak to youth Leader and Chairman of the locality to decide how to embrace this new vision.

“Yes, you are spot on”.

The investment drive in the sports sector is usually dual in nature: government and the private sector. Not just for the inventive the former provides but also for what sports represents.

Sometime ago, A Saudi Arabia consortium purportedly championed by the Saudi royal crown Prince was denied the clearance of buying Newcastle F.C at the cost of 350 million pounds sterling, given their human rights record. Everyone was gutted by the action of F.A and government.

It was going to be a big boost to the UK post Covid economic recovery but it was not to be. The two are major stakeholders.

The Club started as a grassroots community club prior toed by the Eastern States under the Sports Commission in Imo, Ngor Okpala local Government of Nigeria. It all began during the Covid pandemic palaver. Everybody was affected with pandemic waves and its battering quagmire.

The Director of the Club has this to stay **“Ahead Ahead -No Mercy”** “to reinvigorate need to push ahead regardless of all kinds of obstacles and difficulties one faces. Also, this slogan generated in the course of the forming the club to ginger young professional’s players to play locally and internationally cutting all kind of barrier in their professional life.

THOSE THAT CROWN KINGS DO NOT LOOK LIKE KINGS; BEWARE!!!

There was this poor man who *wrote a book at the age of 40* and decided to launch it on his Birthday. He had no money to fund the launching and so, *he decided to seek help from a millionaire* in his community.

He made a visit to the Millionaires home and after they exchanged pleasantries, he told his host what brought him. The Millionaire told him to take out a piece of paper and pen. He said, "I will give you a test. If you pass it, I will give you the money you need and if you fail, I will still give you the money"

He then told him to write down the names of 10 people who could give him 10k each for his book during the launch. Surprisingly, the man could not write even 3 names. Now, take a glass of water and let me tell you something. It is not enough to have talent and skills. You must understand the **power of building valuable relationship**. It was a wise man that said, ***your network is directly proportional to your net worth.***

Extract

Relationship is a currency

Relationship is a stream of income. Everything in this life actually reproduces on the basis of relationship.

See eh, *who likes you in this life matters. *

Men are lifted through men.

Many of us are talented but we lack a cup bearer to tell the King that there is a Joseph that can interpret dreams.

*Who you know matters a lot in this life. * don't say it doesn't matter. It does.

There are heights and opportunities you will never attain if you don't understand *the power of Keeping Valuable Relationships*.

When they say, *turn and greet your neighbor at times, you don't even know who you are talking to*.

That might be the CEO of a company. But sometimes, *we despise people based on their outward looks and judge them wrongly.*

Have this wisdom am sharing with you.

That person you sit with in class or the colleagues at work that you look down on, may be the ones that will lead you to your destiny helper because you have no idea who they know.

Sometimes, it takes just a recommendation to change your story.

Don't despise men in Life. you will need them one day.

Sometimes *those who crown Kings don't look like kings* and May never become kings but they can help you wear the crown.

**A MESSAGE FROM
HON. JUDY SGRO** Member of Parliament

It is with great pleasure I send my warmest greetings to everyone gathered this evening at the book launch for

Anthology of African Poetry

Edited by Stephen Abara

How appropriate for this launch to take place during Black History Month, a time when we recognize the many contributions African Canadians have made to our great nation.

I would like to commend Stephen for the time and effort he has devoted to the creation of this literary work.

This compilation of selected African poets' work will allow the readers to learn of the economical, cultural and social issues being faced by Africa today and provide us with an enhanced understanding of the African lifestyle and identity.

We must work hard as Stephen and others have, to ensure the history of African-Canadians is viewed as everyone's history and is part of the curriculum taught in schools, universities and colleges across the country.

I wish to extend my best wishes to everyone celebrating their African Heritage here tonight.

Sincerely

GLOMAC ACADEMY EXCOS' 2020-2021

EUROPEAN SUPER LEAGUE - Footbalgeria Explains

WHAT IS IT?

The European Super League (or the Super League) is a proposed league by twelve founding members from England, Spain and Italy. These founding members in alphabetical order are: AC Milan, Arsenal FC, Atlético de Madrid, Chelsea FC, FC Barcelona, FC Internazionale Milano, Juventus FC, Liverpool FC, Manchester City, Manchester United, Real Madrid CF and Tottenham Hotspur.

WHAT IS PROPOSED

- It is proposed as a new mid-week competition, something that will replace the UEFA Champions League.
- It will be composed of 20 participating clubs: 15 Founding Clubs and a qualifying mechanism for a further five teams to qualify annually, based on achievements in the prior season.
- Participating clubs will be divided into two groups of ten, playing home and away fixtures, with the top three in each group

automatically qualifying for the quarter finals. Teams finishing fourth and fifth will then compete in a two-legged play-off for the remaining quarter-final positions.

- It is proposed to start in August; a two-leg knockout format will be used to reach the final at the end of May, which will be staged as a single fixture at a neutral venue.

- Participating clubs will continue to compete in their respective national leagues, preserving the traditional domestic match calendar.

WHAT DO PARTICIPATING CLUBS GAIN?

- The 15 founding members cannot relegate. They will always be in the competition.

- According to Marca, each participating club in the European Super League will receive 3.5 billion euros to start with; with American bank JP Morgan heading up the financial backing of the project.

- The club that wins the European Super League could be due close to 400 million euros, compared to the 120 million euros that is given out to the Champions League winners each year. Barcelona, who reached the semi-finals in 2019, received 117 million euros in prize money.

- As for the rest of the 1.95 billion euros in the European Super League, 488 million (25 percent) will be handed out in initial payments and another 585 million based on results.

- Another 30 percent of payments will go based on a club's coefficient achieved over the past 10 years. That leaves 292 million euros (15 percent) dished out in add-ons.

- These figures haven't been confirmed by the European Super League, but they almost triple those currently earned by clubs in the Champions League.

WHO GOVERNS THE SUPER LEAGUE?

- The Super League will be governed by its Founding Clubs (the 12 clubs above). Going forward, the Founding Clubs look forward to holding discussions with UEFA and FIFA to work together in partnership to deliver the best outcomes for the new League and for football as a whole. However, Football governing bodies like the UEFA and FIFA are against it.

HOW IS THE SUPER LEAGUE RECEIVED SO FAR?

As stated earlier, Football governing bodies are against it. In fact, clubs and players are threatened of sanction should they participate. We believe there will be more information as things evolve. As of now, we hear the likes of Dortmund and Porto have rejected an invite to join the Super League. It has been trending on twitter and other social media platforms. Football icons and players have expressed their sentiments, most not in support of the Super League. On the contrary, the founding Clubs are adamant, standing their ground with the likes of AC Milan, Inter and Juventus leaving the European Club Association (ECA). In fact, Juventus Chairman, Andrea Agnelli, resigned as ECA Chairman, a position he has held since 2012, to become the Super League vice-president.

Sponsors are welcome 🙏 to come and motivate these Young lads to be super stars. Our country needs their Skills sets to transform the nation. We welcome anyone interested in hosting a tournament or competition for them on, or before December 2026 to come forward

And speak to young Leader and Chairman.

By Coach Steve

We are going International. Glomac is all about seeking young talented football players with vision to reach international spheres and to make a difference in their local communities and abroad.

We feature the best players on our magazine and introduce them to scout overseas. We invite scouts and coaches to visit grassroots football teams so far there is arrangements with such teams. We are also working on partnering with some football Academies in the US, Europe and Canada and Africa.

GLOMAC SPI SOLUTION COMPANY

December 10, 2024

The Managing Director

Dear Sir/Madam

We are writing to acknowledge the new edition of our magazine tailored to the new generation of young able footballers and sports enthusiast. We are glad to see this edition come to limelight. Glomac security is sub- division of 'Glomac Resources Link Limited'. We are general contractors into security and others. In security field, our company is into the '**CCTV Installation project**' at any of your properties. We are appreciative of any business opportunity that would enable your company use innovative technology to solving security problems. Our work on security projects has begun long time ago, and we anticipate a successful project execution to the end, and an exciting and productive relationship for the start of on what promises to be worthwhile projects.

Glomac Security and Private Investigations Solution Company (GSPI Solution Co.) is an acclaimed firm of security agents with a reputation for both effective security solutions and **the use of innovative technology in the protection of life and property**. We have a portfolio of completed and on-going projects with particular emphasis on Private and governmental security administration. We think that your project is well suited to our strengths and aspirations

While the '**CCTV project**' is on-going, Our Sports magazine is lunch is an attempt geared towards improving lives of young footballers who have shown exceptional skills and ready to advance skills to international stardom. Our magazine will highlight skills associated with these young sports lovers and entertainers and how best to improve on the skills and also connect them to respective clubs and teams overseas.

Our security section of the Magazine published this year also highlights recommendations based on our security and safety expertise and knowledge of Industrial Security in the following security measures to be put in place soon:

- 1) **Access control system:** Deployment Of Security officers to man your gates and strategic locations in the factory, mounting of Sets of 'Intercom Communication (outdoor and indoor use either wireless or...)gadgets', 'Smart Locks' used to access offices with finger prints, access cards, passcode and or manually, 'Body Scanners and Bomb dictator tools' for search and seizure measures, Video door phones, wireless fire alarms ceiling speakers for communication to workers in the factory, set of 'Motorola Radio Communication /Walkie Talkies and Touch lights for Security patrols.
- 2) **Other Safety Security gadgets:** 'a set of fire Alarm security systems (such as intrusion Alarms, panic Alarms) and 'fire extinguishers' in case of emergency during production at the factory and in event invaders emerge to the property during off work seasons and many more. We can connect the systems to law enforcement agencies for quick emergency response to the site. We can provide also **car tracking devices** to company vehicles and **stun guns and pepper Sprays** for effective security contact measures during personal attacks on workers and staffs and for emergencies
- 3) **Digital Communication/ Security Networks:** our company is able to supply laptops and configure network security systems to avoid hackers into the systems. Also, our teleconference tools supplied to your company would enable your company communicate worldwide for business communication purposes within and outside the factory. And upon request, we can supply you with catalogues of our items listed above for view purposes.

Thanks once again the opportunity to serve you best

Yours Sincerely,

Captain Stephen Abara
