Dear Sir/Ma,

INTRODUCTION OF GLOMAC SECURITY/OUR PROPOSAL

We are pleased to introduce to you our company, **Glomac Security and Private Investigation Solution Company**, Incorporated and in operation since 2017.

Glomac Security is a proactive, responsive and reliable security solution with full knowledge, understanding, and application of unique local peculiarities. Our services range from a one off to a longer-term support in providing security solutions that can be reflected in all aspects of private and corporate organizations. Partnership with **Glomac** will always be rewarded with protection. Protection you can trust, a partnership that works, and peace of mind at all times.

We are an acclaimed firm of security agents with a reputation for both effective security solutions and the use of innovative technology in the protection of life and property. We have a portfolio of completed and on-going projects with particular emphasis on Private and governmental security administration. We think that your project is well suited to our strengths and aspirations

We have well trained operatives that can respond to minor incidents and to assist in serious emergencies by guiding emergency responders to the scene of the incident, helping to redirect, foot traffic to safe locations, and documenting what happened on an incident scene.

Our young and agile security operative's presence in your hotel (in combination with security policies and SOPs) shall help to mitigate harm to your people (customers/staff), theft, property damage and employee misconduct and safety rules violations. Our security officers are trained to deliver security excellence to our clients at all times. We provide the following personnel:

- Security and private investigation operatives.
- Concierge/Front desk operatives.
- Security Manager for Facilities/estates.
- Executive Protection Officer (body guard).
- Bouncers of event security.
- CCTV Operations and Installation
- Supply and Installation of various Security Gadgets

PRE-PROPOSAL INFORMATION PACKET

The purpose of this pre-proposal information packet is for our prospective clients to articulate their security needs. Simply put, what are your needs? What, where, and why do you need security? The information that you provide us will help us understand your individual, corporate or company's security needs. The information we receive from your organization in this pre-proposal information packet will allow our security professionals to focus on your individual situation and security needs.

Next, if applicable, what are your realistic expectations, desired outcomes and measurable results? What type of business are you? What are the locations, times, dates, or the duration of your security needs?

Please take your time and think this information through carefully. Be accurate and specific, and give us as many details as you can. The more we know, the better we can serve you and your security needs.

GLOMAC is client centered, and we offer a wide range of specialized security services that are individually designed to meet the needs of each client. The more information that you can provide for us in this pre proposal information packet, the better we will understand your specific needs. This will allow our experts to address your individual needs, and for us to begin to build a personal, successful, and long lasting working relationship.
